

Barassie Primary School Review

Scott worked with our P5-P7 classes to create a school song which represents the vision and values we strive to uphold across our school.

His enthusiasm and creativity was inspiring for the children who absolutely loved the sessions.

It really was a whole team effort with all classes involved in rehearsing the lyrics, recording the final track, deciding a band name and designing the art work for the track.

We can't wait to launch our own song at our first assembly of the session in August.

Thank for making this possible!
