

Having been introduced to Scott after he wrote a song for one of the village groups, we were keen to work with him in both our schools to support our new school vision and values. We had high expectations and we were not disappointed! Scott endeared himself to both staff and pupils, actively encourage everyone's involvement and kept the leadership team up to date at every turn. The end result was two fantastic songs and a lot of very proud pupils, parents and staff. I would highly recommend Scott to any other school's or groups looking for an enthusiastic and talented songwriter!
