

Scott is a well-known face around Heathfield Primary School. He has worked previously with the children. He has also been involved in whole school celebrations, including the 90<sup>th</sup> Birthday celebrations earlier this year.

On this occasion, Scott worked with our upper primary classes, developing their awareness of song writing through the generation of their own lyrics, which were later set to music.

The children were fully engaged in this fun experience and with guidance from Scott, came up with some interesting lyrics. Scott took time to interact with all of the children and get to know them as a class during the time he was there. This was very much appreciated by all.

The children enjoyed developing their own class song and benefitted from the opportunity to work with a professional musician and by having the opportunity to listen as he shared his own song writing experiences with them.
